

## IFRA Conformity Certificate for ingredients

Clichy-la-Garenne, 09-Jul-2021  
Page 1 of 3

### Identity of the product:

Name : ALDEHYDE C18 SO-CALLED  
Code No.: 103866

The referenced product is in compliance with the published Code of Practice of the International Fragrance Association (up to and including IFRA - 49th amendment / published in January, 2020) provided that it is used in the following IFRA Categories at a maximum concentration level of:

IFRA Category [see annex for detail]:	Maximum level of use acc. to IFRA Code of Practice:
IFRA Category 1	100,00 %
IFRA Category 2	8,60 %
IFRA Category 3	16,00 %
IFRA Category 4	9,60 %
IFRA Category 5.A	1,30 %
IFRA Category 5.B	6,00 %
IFRA Category 5.C	3,80 %
IFRA Category 5.D	0,32 %
IFRA Category 6	5,10 %
IFRA Category 7.A	100,00 %
IFRA Category 7.B	14,00 %
IFRA Category 8	0,59 %
IFRA Category 9	34,00 %
IFRA Category 10.A	45,00 %
IFRA Category 10.B	47,00 %
IFRA Category 11.A	100,00 %
IFRA Category 11.B	32,00 %
IFRA Category 12	25,00 %

The referenced product does not contain any substances restricted by the IFRA Standards.

The referenced product bears no IFRA specification.

The contribution from the dissociation of the Schiff Bases has been taken into account.

The IFRA Standards regarding use restrictions are based on safety assessments by the Panel of Experts of the RESEARCH INSTITUTE FOR FRAGRANCE MATERIALS (RIFM) and are enforced by the IFRA Scientific Committee.

Symrise considers all aspects of the IFRA Guidelines and best practice relevant to the referenced product. The maximum use level is based on a safety assessment that considers currently available information, both external and internal, pertaining to raw materials and their properties in addition to any evaluation completed by IFRA.

It is the ultimate responsibility of our customers to ensure the safety of the final consumer product placed on the market.

The Categories mentioned in this certificate relate to those listed in the 'Guidance for the use of IFRA Standards' (up to and including IFRA - 49th amendment / published in January, 2020) including their exposure and safety assessments. For use in other applications or use at higher concentrations not explicitly referenced within this certificate or 'Guidance for the use of IFRA Standards' please contact Symrise.
