IFRA CONFORMITY CERTIFICATE

Sant Just Desvern, 12 November 2026

Product: DIHYDROCYCLACET IFF

Customer: KAROL JASKOWIAK

We certify that the above-mentioned product is in compliance with the Standards of the International Fragrance Associaton (IFRA) up to and including the 51st Amendment to the IFRA Standards (published June 2023), provided it is used in the following categories at a maximum concentration level of:

Category	Level of use	Category	Level of use
Category 1	Not restricted	Category 7A	Not restricted
Category 2	Not restricted	Category 7B	Not restricted
Category 3	Not restricted	Category 8	Not restricted
Category 4	Not restricted	Category 9	Not restricted
Category 5A	Not restricted	Category 10A	Not restricted
Category 5B	Not restricted	Category 10B	Not restricted
Category 5C	Not restricted	Category 11A	Not restricted
Category 5D	Not restricted	Category 11B	Not restricted
Category 6	Not restricted	Category 12	Not restricted

The concentration of a fragrance ingredient should not exceed the usual concentration of the fragrance compound in the finished product.

Due to the possibility of incidental oral ingestion from the use of the product in categories 1 and 6, an approved flavor material status as defined by the IOFI Code of Practice is required. Please note this certificate does not include this conformity check. A separate document is needed for such purpose.

It contains no substances restricted by IFRA standards and bears no IFRA specification.

This certificate provides restrictions for use of the specified product based only on those materials restricted by IFRA Standards for the toxicity endpoint(s) described in each Standard. It does not provide certification of a comprehensive safety assessment of all product constituents.

It is the ultimate responsibility of our customer to ensure the safety of the final product (containing this fragrance ingredient) by further testing if need be.

This document is electronically generated and therefore it is not signed.
