

## IFRA CONFORMITY CERTIFICATE

Customer: **KAROL JASKOWIAK**  
Product: **MAGNOL KAO**

We certify that the above-mentioned product is in compliance with the Standards of the International Fragrance Association (IFRA) up to and including the 51st Amendment to the IFRA Standards (published June 2023), provided it is used in the following categories at a maximum concentration level of <sup>(1)</sup>:

|             |                               |              |                |
|-------------|-------------------------------|--------------|----------------|
| Category 1  | Not restricted <sup>(2)</sup> | Category 7A  | Not restricted |
| Category 2  | Not restricted                | Category 7B  | Not restricted |
| Category 3  | Not restricted                | Category 8   | Not restricted |
| Category 4  | Not restricted                | Category 9   | Not restricted |
| Category 5A | Not restricted                | Category 10A | Not restricted |
| Category 5B | Not restricted                | Category 10B | Not restricted |
| Category 5C | Not restricted                | Category 11A | Not restricted |
| Category 5D | Not restricted                | Category 11B | Not restricted |
| Category 6  | Not restricted <sup>(2)</sup> | Category 12  | Not restricted |

<sup>(1)</sup> the concentration of a fragrance ingredient should not exceed the usual concentration of the fragrance compound in the finished product.

<sup>(2)</sup> IFRA would recommend that any material used to impart perfume or flavour in products intended for human ingestion should consist of ingredients that are in compliance with appropriate regulations for foods and food flavourings in the countries of planned distribution and, where these are lacking, with the recommendations laid down in the Code of Practice of IOFI (International Organisation of the Flavour Industry).

Please note this certificate does not include food status conformity check. A separate document, which may be available depending on the product, is needed for such purpose.

Contains no substances restricted by IFRA standards and bears no IFRA specification.

This certificate provides restrictions for use of the specified product based only on those materials restricted by IFRA Standards for the toxicity endpoint(s) described in each Standard. It does not provide certification of a comprehensive safety assessment of all product constituents.
